SSS

S. S. S. heals Sores and Ulcers in the very simplest way. It just goes right down into the blood and removes the cause, and the place is bound to heal because the impurities and morbid matters which have been the means of keeping the ulcer open are no longer absorbed from the blood. External applications of salves, lotions, plasters, etc., can never produce a cure because they do not reach the source of the trouble. At best they can only allay pain or reduce inflammation; such treatment is working on symptoms and not reaching the cause. Every nutritive corpuscle in the blood is weakened or infected, they cannot nourish the fibrous tissue around the place, but instead they constantly discharge into the flesh around the Bore a quantity of impure, germ-laden matter which gradually eats into the surrounding healthy tissue and causes the ulcer to enlarge. Since impute blood is responsible for Sores and Ulcers, a medicine that can purify the blood is the only hope of a cure. S. S. S. has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity from the blood. While curing the sore or ulcer S. S. S. brings about a healthy condition of the fiesh by supplying it with rich, healthy blood, and thus makes the cure permanent and lasting. Book on Sores and Ulcers and any medical advice free to all who write.

DEVELOPMENT

New Train Crews Being Added to Southwestern at Douglas

Douglas, Ariz., June 14.—The Lewis Springs-Fairbank cutoff has now been completed save for a narrow gap, not more than half a mile in width. This will be completed in a short time and the track put in use.

Laying of steel on the Fairbank-Tueson extension will begin at once, went of the San Pedro river. Some delay was occasioned by the grading, but this has now been completed and it is considered certain that the work will proceed uninterrupted as far as Mescal. Here there will probably be a delay on account of steel bridges having to be installed. It is possible, however, that the management of the road will be pleasantly disappointed and the bridges put in place before the track reaches. Mescal. Beyond Mescal no delay is anticipated.

Five new train crews, each averaging

reaches Mescal. Beyond Mescal no delay is anticipated.

Five new train crews, each averaging five men, have been put at work within the last few weeks by the El Paso & Southwestern at this point and west. Two more will be needed as soon as the siag loading operations at the Copper Queen smeiter have begun. A total of 15 or 50 new crews will have been added before the road extension into Tucson has been completed. These statements were made by master mechanic F. P. Roesch, in reply to questions concerning rumored increases in his department. The new crews are employed on work trains, in the yards of the division, etc.

The Despot-Wucich building is up to the second floor and is progressing very satisfactorily. It will be finished within the contract time limit.

The finishing touches are being put on the new less plant and within the course of a few days Miami will be making lee at home instead of importing that necessity as heretofore.

BISBEE HAS MUCH

BUILDING ACTIVITY

Bisbee, Ariz, June 14.—Work of making the excavations for the new crews are employed on work trains, in the yards of the division, etc.

NEW ROAD IS BUILT TO MINE NEAR HAYDEN

Hayden People Arrive in Valparaiso After a Month's Voyage,

Hayden, Ariz, June 14.—The London & Arizona Mining company has completed the construction of a road leading from Hayden Junction to the mines in the Mescall range of mountains, a and on this account it was found undesirable for use at certain times in the year. The new road is built on a the year. The new road is built on a small grade going up to the mine, and is securely ballasted.

GAYULE HAULED IN CARTS TO FACTORY

Tying Up of Railroads Is a Hardship to Mexican Rubber Industry.

Monterey, Mex. June 14.—One of the principal industries of northern Mexico is suffering greatly on account of the lack of railroad connections, principally Torroon and Gomes Paiacio. Where there are six rubber factories using guayule which have had their using guayule which have had their lickets fifty cents each.

work paralyzed on account of lack of

raw material.

The Continental Rubber Co., one of the largest concerns of its kind in the republic, is now hauling its guayule in carts from the Cedros hacienda to the rallroad station of Viesca, Coahuila, because they cannot ship from Camacho, their regular point of embarking.

ADDITION BUILT TO PLAINVIEW'S MILLS

Plainview, Texas, Juno 14. — The Harvest Queen Mills are building an addition on the west side of their main building, which will be the full height of the rest of the structure. This will be used mainly as an elevator.

New machinery is being installed throughout the whole mill where needed, and all is being overhauled to be in readiness for taking care of the new crop of grain which will be coming in in a few weeks. Mr. Hinn, the proprietor, states that the prospects are fuvorable for a larger bulk of wheat than last year, as the acreage was greater this year.

WORK BEING RUSHED ON MIAMI BUILDINGS

Miami, Aria, June 14 .- Contractors trouble in finishing the building

by July 1.
The Despot-Wuclch building is up

making the excavations for the new Copper Queen store building has been started and the building will be rushed to completion. The W. E. Harrison company will also erect a store buildng of pressed brick and cement in

Two thousand feet of the scenic high line" of the Warren-Bisboe street railway is being torn up to make room for the ore dump of the Gardner shaft, which in spreading made traffic over the line dangerous.

THREE NEW HOMES BUILT IN VAN HORN

Van Horn, Tex., June 14,-Among the new residences now under construction here are Mrs. Vada Millican's seven The former room house, and the Freq Gibbs Luther Wheat homes, which will be completed soon.

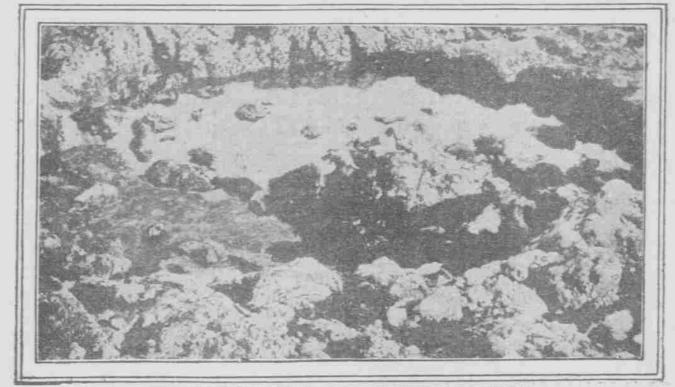

TEXLINE'S NEW SCHOOL BUILDING IS COMPLETED,

Texline, Texas, June 14.—Texline's new \$15,000 school building is now finished, and it presents a fine appearance to visitors who will come to regard Texline as a good place to live in order to have firstclass school advantages for children. antages for children.

HAYDEN PEOPLE GO TO SOUTH AMERICA

Reach Valparaiso After a Thrlling Experience on Vessel.

Hayden, N. M., June 14.-Mr. and ars. A. C. Munroe, of Hayden, have arrived safely at Valparaiso, South Amerlea. They will leave Valparaiso for lea. They will leave Valparaiso for Rancagua, where the properties of the Braden Copper company are located, and where Mr. Munroc has a position with that company. It took them a month from the time they left New Orleans before they arrived at their destination. While near the port of Valparaiso, quite a storm was encountered, the ship being driven on the rocks, and was at first thought to be badily damaged, but later it developed that only a small hole was punctured in the bow. The passengers were all put in lifeboats, remaining until the boat was off the rocks.

Joseph Moreno has severed his connection with the firm of Moreno and

Joseph Moreno has severed his connection with the firm of Moreno and Wilcox and is now with R. T. Jones. He was formerly in the employ of Mr. Jones, but a few months and decided to branch out for himself.

Doctor Butler, health officer of Gila county, with headquarters at Globe, is visiting in Hayden, having come over by stage. This is his first visit in liayden and he was surprised at seeing such a large place spring up within a couple of years' time.

Frank Haynes and Norman B. Johnson, sheriff and county, have arrived from Globe to remain for a few days.

A large dance was given in Mike Duarte's dance hall in San Pedro by the Mexican population. The San Pedro orchestra furnished the mask. A few Haydenites went over as guests of the Mexicans.

HER HANDS AND ARMS MADE MARVELOUSLY BEAUTIFUL IN A SINGLE NIGHT

Free Prescription Did It

Grace Benson says: "Had anyone told me such wonderful results could be accomplished so quickly. I positively would not have believed it. My arms and hands were covered with freekand hands were covered with freekles; my neck was dark and wrinkled
from the use of high collars; my hands
were tanned and the knuckles red.
All these defects were removed by
one application of a free prescription,
which I am pleased to give to anyone.
It's just as simple as it is effective. Go
any drug store and get an empty
two-ounce bottle and a one-ounce bottle of Kulux Compound. Pour the entire bottle of Kulux into the two-ounce
bottle, and one-quarter ounce of witch routine matters came up for attention. After a short session the members adbottle, and one-quarter ounce of witch hazel and fill with water. Prepare this prescription at your own home, then you know you are getting it right. Apply night and merging. It makes the skin soft and beautiful,

It makes the skin soft and beautifut, no matter how rough and ungainly your hands and arms are. One application will astonish you. I have given this prescription to thousands of women and they are all just as enthusiastic as I am. Try it on your seck and shoulders and you will be agreeably surprised."

ILZ—For Sore Feet Cures Tired, Aching, Swollen, Sweaty Feet. Callouses, Bunions and Chilblains, right off. At all druggists, 25c for a big box.

Believes This Will "Cure Lung Troubles"

Fred Browning has received and is installing in the Browning pharmacy a handsome \$2,000 cold drink fountain. Taxation Causes Discussion,

Considerable discussion concerning local taxation has been engendered by the action of the equalization board in raising valuations. The board has adourned and according to the statement of chairman Hund, valuations have been taised on an average about 20 percent. On the one hand are those who argue that the rate, not the valuation, should be raised, since each county by law must send in to the state a certain percent of the assessed valuation. Thus the county where valuations are low escapes in large measure the burden of state taxation. And it is stated on good authority that Lana county already contributes over 100 percent more according to correct valuations than number of other counties. Thus it is argued that by keeping the valuations low and the rate high is merely a mat-ter of self protection. On the other hand are those who contend that a low rate of taxation encourages investors and a high rate frightens the investor. Again, it is further contended, that loworing valuations in order to escape the state taxation is merely entering into a game of gouse with the other counties, and the remedy should lie in correcting the state law which seems to offer a Cal.

INFLAMED KIDNEYS

Medical writers declare it incurable after the sixth month, whether albumenous or not. The average man prefers to think of

it as "kidney trouble" and lets it go, but the census shows this appalling fact—out of \$3,000 deaths from kidney troubles the last census year over nine-tents of them (58,000) took the form called "Bright's Disease," although it is quite probable that nine-tents of these up to the last moment thought of it as and called it "kidney trouble," when as a matter of fact the only possible hope laid through a specific for Bright's Disease.

Bright's Disease.

There never was one until Fulton worked out his Renal emollient (Fulton's Renal Compound.)

VOLUNTEER FIREMEN TO BE REORGANIZED

Plans Are Made For Reviving Sunset Heights Firefighters. Tentative plans for the reorganizaon of the Sunset Heights volunteer

fire department were under discussion

at the regular quarterly meeting of the members of the El Paso Fire de-partment held Thursday night in their headquarters in the Central fire department building. With the exeception of Ray McClintock and F. C. Earl, that department was disbanded by the board of directors last month, but the proposition to reorganize it was set on foot Thursday night. After discussing the matter pro and con it was decided to defer it until the next meeting of the board of direct tors, which occurs on July 11. A revis-ion of the firemen jury exemption list, it was announced, would also be

made at that meeting. H. F. McKenney, Hope M. Smith and H. R. McClintock were the new mem-bers added to the Highland park department Thursday night. Secretary B. Badger announced that the El Paso department now had a volunteer corps numbering approximately 135 men. Aside from the communications from the different departments which were read and filed by the secretary, only

journed. The meeting was presided over by president Ed Kneezell. DAILY RECORD
